DESKS, WORKSTATIONS AND MEETING TABLES WITH PANELS BASE

The work tops and the side legs are in particleboards, thickness 30mm, with melamine facing in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade.

The modesty panels are in particleboards, thickness 18mm, with melamine facing in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade.

The tops are secured to the side legs spacers by wooden spacers.

The whole structure is assembled by KD fittings.

DRAWER PEDESTALS

Structure-work with particleboards, thickness 18mm faced with melamine, in a variety of colours and edge-finishing in 0,4mm ABS/PVC matching the main shade.

The drawer fronts, thickness 18 mm, in melamine finish in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade.

The remaining structure is also 18mm thickness in melamine finish in a variety of colours and edge-finishing in 0,4mm ABS/PVC matching the main shade.

The drawers are fitted with central locking, with side panels in wood PVC foil, thickness 12 mm; the drawer bottom is in fiberboard, thickness 3mm.

The runner guides are in metal with nylon bearings with a pull-out end-stop and optionally with self-closing mechanism.

The pedestals are completed with finishing tops for matching with work tops or used underneath work tops as a load-bearing structure, via four tubular pillars in silver colour.

LINEAR WORK TOPS, WORKSTATIONS AND TERMINALS JOINING SEGMENTS

The work tops and the terminal joining segments are all in particleboards, thickness 30mm, with melamine facing in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade.

PARTITION PANELS

Made of thickness 18mm or 30mm, with melamine facing particleboard in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade or chosen from the extensive selection offered by the SCREENS Collection.

The panels are supported onto the worktop and optionally fitted with a slot for worktop accessories. Levelling feet are fitted on the part in contact with the floor. The linear connection of the panels is obtained by inserting a rigid grey PVC connection profile. The 2-3-4-way connections are configured via KD fittings.

RECEPTION COUNTER TOPS

Entirely made of thickness 30mm, with melamine facing particleboard in a variety of colours and edge-finishing in 2mm ABS/PVC matching the main shade.

SHELVES FOR PARTITIONS

Made of 30mm thick melamine-faced chipboard with 2 mm thick ABS/PVC edging strip matching the surface. Available in a variety of colours.

SUSPENDED WALL UNITS WITH ROLLING SHUTTER:

Structure made of 18 mm thick melamine-faced chipboard in a variety of colours. Sliding shutter is in metallic silver colour. Locks are optionally available.

ACCESSORIES:

Telephone stand, paper holder, DOX-holder, flower pot, pen cup.

All the accessories are made of 1 mm thick die-cast sheet metal, epoxy powder-coated in metallic silver finish. They can be fitted on the multipurpose bar or directly.

on the optional aluminium profile of the partition panel.

PACKAGING

All the components are disassembled and packed when supplied, and have paper triple type folding packaging, fillets for the perimetrical protection and for the fillings up, where needed.

The corners are protected, where needed, through shock resistant edges protector. The packing closure occurs through sticky tape and welded nylon strap.

Pedestals are assembled, and protected through polystyrene angle bars on the sides and packed using thick carton board.
